

Bowls England News release – Thursday 3rd August 2017

LIVE SCORING AVAILABLE FOR 2017 NATIONAL CHAMPIONSHIPS

Bowls England is delighted to offer a live scoring programme for the 2017 National Championships, to be held at Victoria Park, Royal Leamington Spa, from Saturday 5th August to Sunday 3rd September inclusive.

Following the success of the inaugural live scoring availability at the 2016 National Championships, an increased schedule is planned to inform supporters that are unable to attend the latter stages of Competitions and Championships.

Play starts at 9.30am on Saturday 5th August with all individual rinks in the Johns Trophy and Middleton Cup Semi-Finals and Finals being featured.

Tony Allcock MBE, Bowls England Chief Executive, said: “The number of views on the live scoring service that Bowls England offered at the 2016 National Championships far exceeded our expectations, so our aim is to offer an improved platform this year. However, we do have limited resources so if anyone attending the Championships is able to give a few hours to assist the Tournament team in providing this service we would love to hear from them.”

A full schedule of matches to be covered by this service may be found at: <https://www.bowlsengland.com/national-championships>

If you are able to assist Bowls England with this service, please contact matt@bowlsengland.com or make yourself known to the Bowls England Staff in the Tournament Office.

Full training will be given as well as light refreshments when rink side.
