

## **STORAGE SPACE REQUIRED**

'HB are anxious to secure storage space for the many items of clothing that are kept in stock. Room is also needed for other bulky stock items and for essential papers that need to be retained for up to seven years.

The space required to store all the boxes is in the region of 3/4 the size of a standard garage (probably about 750 sq ft). There should be ease of access at all times for those responsible for stocking, storing and supplying.

Do you or does your club have any desire or opportunity to make such storage space available? The Executive Committee has already indicated a willingness to provide reasonable remuneration for any person or club willing to take this on.

With the year slipping away and with a change of postholders on the near horizon this has become a matter of some importance. With that in mind, positive replies only please to Peter McNulty at [petermcnulty27@yahoo.co.uk](mailto:petermcnulty27@yahoo.co.uk), ideally by 17.10.18 but in any event by 31.10.18 at the latest.'
