

First of all I would like to thank everyone who has nominated for the upcoming Trial, the ECL and the MC matches. I asked to be given a headache and you have certainly done that. I would like all who nominated to me for the Trial on the 6th of May to attend, this gives everyone the opportunity to show me what they can do.

The first two ECL games have been selected and I've tried to combine some of the newer players with some of the more experienced players. Those who haven't been selected so far are still very much in my thoughts for ECL games three and four which take place before the first MC game on June 2nd.

Again a huge thanks for all the nominations and I believe this could be the strongest squad we have seen in Hertfordshire for many years. For those not selected for the first two games it would still be great to see you come along to the games, Im sure the team would thoroughly appreciate your encouragement and support.

Best Regards

Phil Clewes-Garner
