

Subject: Middleton Cup and Eastern Counties League.

"I would personally like to thank all the players that returned their nomination and availability sheets. Of course, as you are aware, sadly this year is now completely cancelled but just for the record of the 79 entry forms sent out (including players who contacted me directly) 60 responded, that's 76%. There were 181 nominations for the Eastern Counties League so an average of 30 per game and 49 players made themselves available for the Middleton Cup. This shows there are still a lot of players in our county who want to represent and win for Hertfordshire.

Please all stay well during these difficult times and let's look forward to the 2021 season when we can go forward with this fresh approach."

Best Regards
Phil Clewes-Garner
